

# Leveraging soil geospatial data to support conservation planning through CART

## Initial observations and next steps

M. Robotham, J. Nemecek, S. Peaslee, A. Lauster; USDA Natural Resources Conservation Service

*"If we are bold in our thinking, courageous in accepting new ideas, and willing to work with instead of against our land, we shall find in conservation farming an avenue to the greatest food production the world has ever known."* --Hugh Hammond Bennett

### Conservation Assessment Ranking Tool

- Set of business practices to streamline conservation planning and program delivery.
- Program neutral integrated information technology software application. Any USDA program!
- Uses Soil Survey data to assess land units.
